Under 37 C.F.R. §1.312(c)

Pfizer Inc., the owner of 100 percent interest in the instant patent application, hereby makes the following disclaimer.

The above-identified application has been provisionally rejected for obviousness-type double patenting over commonly owned US Patent Application No. 10/066,503, filed January 31, 2002. Applicants hereby disclaim the term of any patent issuing from the instant application which extends beyond the term of any US patent issuing from US Patent Application No. 10/066,503 or of any continuation or divisional applications thereof.

The owner hereby agrees that any patent granted on the instant application shall be enforceable only for and during the period that it and any patent issuing from US Patent Application No. 10/066,503 or continuation or divisional applications thereof are and remain commonly owned. Any patent granted on the instant application shall cease to be enforceable at the time that common ownership ceases, although any patent issuing from US Patent Application No. 10/066,503 or continuation or divisional applications thereof shall remain in force and be enforceable for any remainder of its statutory term as defined in 35 USC 154 to 156 and 173.
